and 11:15 am - 12 pm

## Summer Classes

(July 8th - August 22nd)

### Registration

May 16th for currently  
enrolled students

May 17th for everyone

## Summer Classes, Camps and Clinics

Summer is not far away and most families are starting to set their summer schedules. Carousel Gymnastics will be offering camps, clinics, regular gymnastics, and ninja classes throughout the summer. We are finalizing the schedules now and information on registration for all these activities will be out soon. Some of the camps we will be offering include: Carnival Camp, Princess Tea Party and the popular Wet, Wild and Wacky Science Camp. We will also have Gymnastics and Ninja clinics that will focus on specific skills like: Aerials, Flips, Cartwheels, Handsprings, a Bars clinic and Obstacle training clinic. These clinics are a great way to get extra practice on specific skills that take more time to master. Watch your email for exact registration dates.

## Toddler Time Participants

It has been fun to see all the new faces at Toddler Time. We wanted to review a few things to ensure the toddlers have a fun and safe experience. Toddler Time is for children ages 5 and under. Older siblings are welcome to watch from the lobby, but cannot participate. Younger children do not know when to "watch out" for older children when they are exploring. Parents must be with their child(ren) at all times to help them follow the rules of the facility. Toddler Time is for children to play only. Adults are not permitted to be on the equipment, including the trampoline or ropes. Once again these rules are in place to make sure our young friends have a safe and enjoyable experience.

## Spotlight Show

The Spotlight Show and Ninja Games registrations are in and we are working on finalizing the schedule. We are excited to see so many students registered for this event. Your children cannot wait to show the skills they have been learning. We will have the information on the schedule for the day of the event soon. Thank you for your patience.
