# Spring

### What's Happening this Summer

Carousel Gymnastics will be offering Camps and Clinics for the month of June again this year. Registration is now open and spots are limited. This year we will also be running some Tot classes and Ninja classes in the month of June. Those classes will be run twice a week so you get a 6 week session in just 3 weeks. Check out our website for more details and to register.

### Summer Session

The Summer Session will run from July 8th - August 22nd. This seven week session is a great way to end the summer and get ready for the fall session.

### Heritage Park - Plover

When Title IX legislation passed in 1972, it signaled that women should no longer be denied the opportunity to compete, learn, and grow through sports. In Portage County, women and girls jumped at the chance to take part in athletic activities. In doing so, they inspired generations of women to strive for greatness.

Portage County now boasts dozens of championship women's teams and athletes as well as committed coaches, officials, and administrators. Many have proudly represented Portage County competing and officiating throughout the country - and the world.

This exhibit celebrates the rich history of Portage County girls' and women's athletic achievements.

CAROUSEL GYMNASTICS IS FEATURED IN THIS EXHIBIT. If you get a chance to visit this summer, there are amazing stories of the women in athletics.
